A MABITAL SENSATION .- An Augusta, Ga., telegram says: Society was all agog here on Wednesday over the marriage of Wm. H. Howard, a cotton merchant and one of Augusta's wealthiest citizens, and Mrs. George Heindel, widow of one of the city's largest manufacturers. Mr. Howard is eighty-two years of age, and the marriage called forth opposition from his children and grandchildren. He is quite feeble, but maintained his equaminity during the ceremony. Mrs. Heindel is a beautiful woman, about thirty years of age, and has through her husband's estate a splendid competency. This precludes all suggestion of merc -nary consideration, and puts it on the high pane of disinterested love. The ceremoney was performed at the residence of the bride, in the presence of one or two friends, there be ing no cards. It is rumored that the greom's present to the bride was a draft for \$6,000.

Miss Kittie Post, of Jersey City, is 17 years old, plump and well formed, with peachy cheeks and a head of red hair that any girl might be proud to wear. Nearly a month ago an advertisement appeared in a Jersey City paper for a red-headed girl to drive a team of white horses to a delivery wagon There were no answers to the advertisement, and the manager decided to of fer as an inducement to the red headed girl a present of one of the white borses she was to drive. Some of Miss Post's friends told ber that there wasn't a girl in Jersy Cny with red heir who would dere to drive a team of white horses. Miss Post is not a girl to be dared, and she sat down and wrote a letter to the advertisers, agreeing to take the place for a sufficient salary and one of the white horses

The capital stock of this company is \$625,000, divided into 625,000 shares of \$1 each.

Washington, D. C.

The company is incorporated under the laws of West Virginia, and the stock is non-assessable, and carries with it no personal liability to the holder.

THE GOLD MINING COMPANY (location, Music Mountains, A. T.) is as sound a mining enterprise as was ever placed on the market, and its possibilities have never been exceeded. Every share should double in value within a year, and they may quadruple, as they are based on property that would ordinarily have been capitalized ten (10) times as great on account of its known richness and promise.

The shares are made small so that any one can invest. Subscriptions for five shares are as welcome as those for hundreds.

Every dollar of earnings will go to the stockholders in dividends, as there is nothing else that they can be used for.

A Wisewell mill, capacity 20 tons per day, with powerful machinery, has been purchased and will be on the ground ready for erection at the mine within the next thirty days.

The solid basis upon which the company is founded and the practical proofs of the richness of the mine have already secured the confidence of the public, and the stock has steadily advanced in selling value Within the last few days bona fide sales have been made AT PAR.

There is no better stock on the market for a permanent investment, For full information in regard to this Mine apply to the
